Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Aayush (Solo Project Lead) - EV Market Analysis Using Tableau
Overall Team Coordination Rating (1-5)	Excellent self-coordination, all demo sections (Introduction, Data Pipeline, Tableau Dashboard Demo, Insights) completed on time as solo project
Any issues during demo	No major team coordination issues as it was a solo project. Only minor technical lag faced in Tableau Public when applying Region-wise and SUV category filters on large EV sales dataset
How issues were resolved	Resolved by using Tableau Data Extract (.hyper file), optimizing Snowflake queries for faster data retrieval, and doing pre-demo rehearsal of complete EV dashboard flow to ensure smooth live presentation
